What Is חיסכון

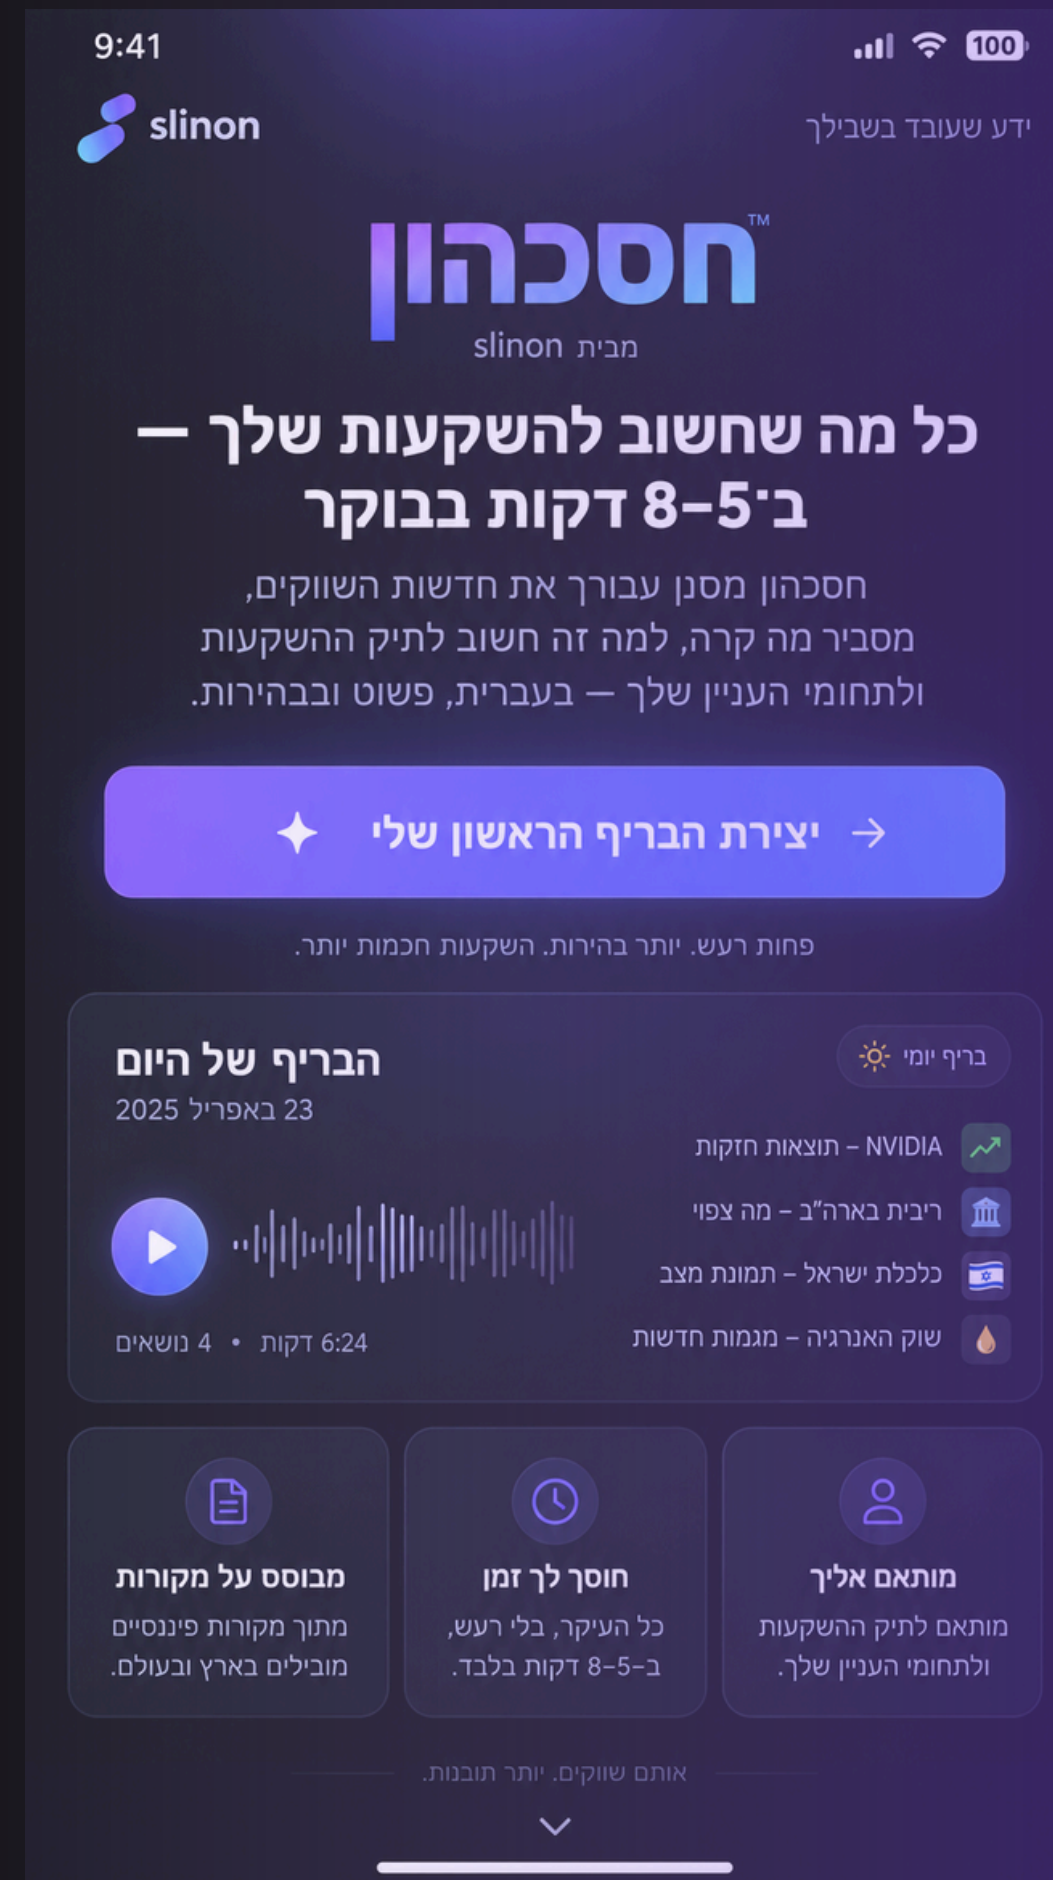

First Hebrew Personalized Finance Podcast

- Save your time and keeping you updated
- what you want to know
- No advisors, just audio news
- No private data access

Our Vision

Learn anything, anywhere —
through a podcast made for you, in
Hebrew.

Technology

System Architecture: Slinon

- Mobile-first Hebrew PWA built with Next.js and TypeScript
- Python FastAPI backend deployed on AWS ECS/Fargate
- Google OAuth authentication with Better Auth
- PostgreSQL database, Redis queue, and Celery background workers
- OpenAI-powered research and scripting with private audio storage on Amazon S3

Future Users Insights

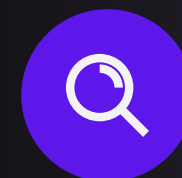

What the users want

- simple – free text/manual/screenshots
- time – user-specific 3-10min
- personal schedule
